

EI THINZAR NAING

IT STUDENT - DATA SCIENCE TRACK

+66 855248197 eithinzar.naing31@gmail.com

Portfolio LinkedIn GitHub

SUMMARY

Final-year Information Technology student specializing in Data Science. Experienced in OCR data preparation and data annotation for AI training, with additional background in full-stack development, project management and leadership. Skilled at turning raw data into clear, actionable insights using Power BI, MySQL, and Python, and comfortable contributing across development, data, machine learning, artificial intelligence, and technical operations tasks. Seeking the jobs and internship to apply these skills in a real-world team environment.

EDUCATION

Bachelor of Science in Information Technology 2023 - Present

Stamford International University | GPA: 3.96

Scholarship Recipient, awarded based on academic merit and outstanding performance

High School Equivalency | GED Completed in May, 2023

TECHNICAL SKILLS

Data & Database: Power BI, MySQL, Oracle APEX, Excel, Data Analytics, Data Mining, Database Management

Programming Languages: Python, Java, PHP, Laravel, Vue.js, HTML, CSS, JavaScript

Tools & Platforms: Git/GitHub, VS Code, Eclipse, AWS Cloud Foundations, Windows, Linux, Antigravity, Figma, AI Studio Rapid Miner, Tableau, Tailscale, Computer Vision Annotation, Canva, Capcut

Core Skills: Project Management, Team Leadership, Time Management, Critical Thinking, Effective Communication, Adaptability

CERTIFICATIONS

- Java Foundations (Oracle Academy)
- Data Analytics Essentials (Cisco Academy)
- Data with Power BI & Excel (Coursera)
- Python Programming Fundamentals (Coursera)
- Database Management (Oracle Academy)
- AWS Cloud Foundations
- Git & GitHub (Creative Coder)
- Vue Laravel Full-Stack Deployment (Creative Coder)
- Graphic Design and Canva Essentials (Canva)

EXPERIENCE & PROJECTS

Data Annotation & Preparation Specialist | Freelance March 2026 - Present

- Prepare and annotate datasets used to train AI models, including labeling, tagging, and data cleaning and perform OCR-based data extraction and verification
- Check data quality and consistency to ensure accuracy of labeled datasets and data bindings before use in model training

Customer Churn Prediction | Data Science

- Built and compared Logistic Regression and K-Nearest Neighbors (KNN) models to predict credit card customer attrition, using customer demographics and transaction data to identify key factors associated with customers leaving the bank.

Taskiee Task Manager | Website

- Developed a full-stack task management application using Laravel and Vue.js, with features for organizing and managing tasks. Planned the system architecture and requirements using a High-Level Design (HLD) document before development.

CineGrid Movie Website | Website

- Developed a responsive movie browsing website using HTML, CSS, and JavaScript, featuring a user-friendly interface for exploring movies and viewing movie information across different screen sizes.

Glamoré Cosmetics Online Retail System | Database Application

- Designed a relational database and developed an Oracle APEX application featuring interactive reports, CRUD operations, and a dashboard for visualizing sales and order statuses using Oracle SQL.

AI Skill Gap & Career Recommendation System | LLM & Data Mining

- Developed a career recommendation system using FP-Growth association rule mining on over 1.3 million LinkedIn job postings, integrated with a large language model (LLM) to recommend relevant skills for a target IT role.

VOLUNTEERS

Vice President | TechBridge IT Club Feb 2026 - Present

- Lead and coordinate a team, running regular planning discussions and workshops
- Manage all Instagram content, captions, and digital media assets to grow club engagement
- Design posters, logos, and edited video content for club events

Project Coordinator (Volunteer) | Meridian Education Institute May 2025 - Aug 2025

- Coordinated educational projects and webinars with a focus on student impact
- Managed communication between team members and partner organizations
- Collaborated with other non-profit organizations to plan projects together

Developer (Volunteer) | Astetude Design Studio Nov 2024 - Mar 2025

- Participated in a hackathon-style project to design and build a habit-tracking web application
- Collaborated with a team across UX/UI designers, frontend and backend developers
